EXPERIENCE

Web3 Developer Fellow Jun 2025–Present
Dev3pack *Remote*

- Developed production-grade dApps using React, Solidity, and Scaffold-ETH
- Implemented secure smart contract patterns with 100% test coverage
- Optimized gas costs by 30% through contract architecture improvements

Co-Founder & CTO Jun 2025–Present
Volzo Mobility *Delhi — Hybrid*

- Led technical development of EV ride-hailing platform MVP
- Designed scalable architecture handling 10,000+ daily ride requests
- Managed cross-functional team of 5 engineers and designers

PROJECTS

Decentralized Exchange (DEX) *Scaffold-ETH*

- Built automated market maker with \$50K+ TVL on Sepolia testnet
- Implemented swap functionality with 0.3% liquidity provider fees

Health Survey Analysis *Summer Analytics 2025*

- Achieved top 0.5% rank (32/6900) with XGBoost classifier (F1: 0.92)
- Engineered 15+ features from nutrition survey data

ACHIEVEMENTS

- Selected for **BuidlGuidl** (Top 3% of Web3 developers)
- **Top 500** among 15,000+ startups at Innopreneurs Season 11
- Hackathon winner at IIT Guwahati's Summer Analytics
